

Jane Shtriker

Dear Jane,

I really can't believe that a whole year has gone by and we are finished with Girls. Glee.

Although we have just begun to be friendly, I hope our friendship will become stronger, and that we will always be friendly.

Thanks for all your help in Biology. I hope you find happiness in everything you do. Good luck always! You are a great kid

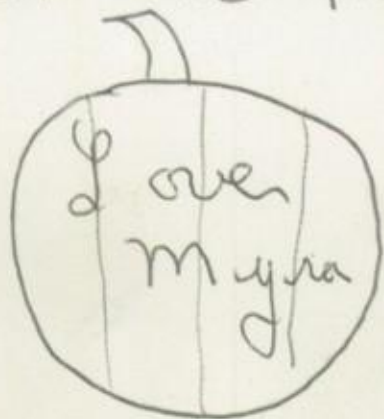

Love
always,
Joan

Dear Jane,
Hi! Well - eh - you
is almost over &
I'll regret sitting
next to you in Biology.
I'll always remember
how much trouble
we got in & all
our cheating, but
it was worth
it. Well that's
about it for now,
Love
Joan
Friday.

Dear Jane,

I really don't believe we finally got through our "Freshie" year. But we did. And in my opinion it was really a "ball" in Girls Glee, lunch, and of course Jackson's study. We've both managed to pull through the long struggle. It wasn't really that hard. Our friendship has also pulled through, although we did have our quarrels. I hope our friendship will last for the next three years in Von. as well as out of Von. Good luck with John & whoever else you manage to go steady with. Have a great vacation. Hope to see you at the beach.

Love
Terri

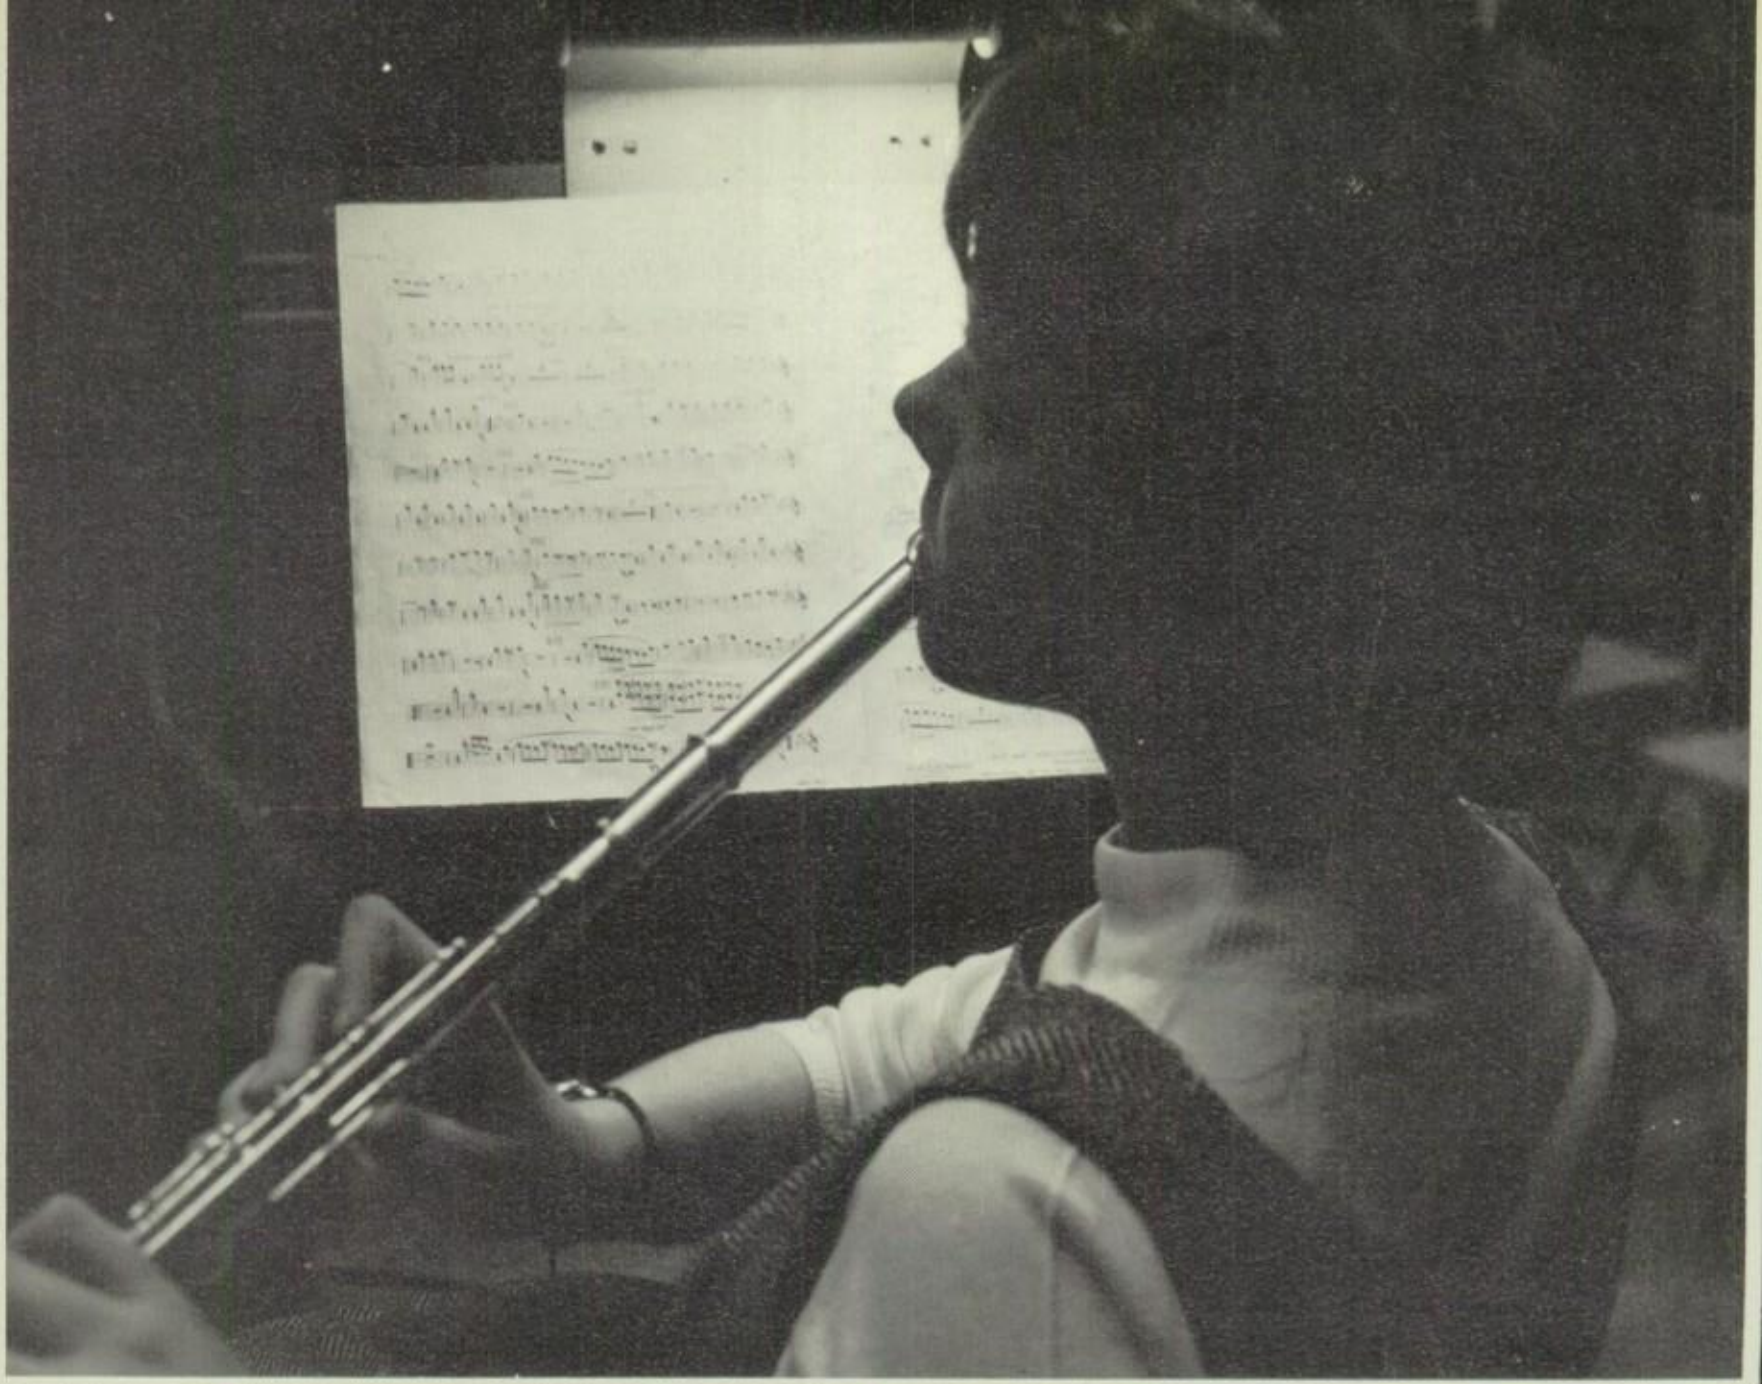

ps. you a real great

STUDENT COUNCIL

"I believe that a student council is successful only when it is in charge of running the show—not just causing it. Those who measure the council's success by the amount of excitement it generates are judging only the outward shell. Excitement is certainly to be desired, but only as a by-product of dynamic change."—Neal Wolf, President.

In the fall of 1965, the student government of Von Steuben was characterized by both dynamic change and excitement. Through its many projects, the Council reached the highest level of maturity it had ever known. It became a highly organized, many-celled organization. The Council established functioning, independent organizations which remained within its legislative, executive, and economic control. Examples of these were the paperback bookstore, and the production of a school talent show, "From Vaudeville to Video". The passage of the Student Court and Ackerman Scholarship bills were indications of both the willingness of the Student Council to accept greater responsibilities and increased respect of the Administration for the Council. Perhaps one of the most important bills to become a law was that which created a committee to study the Constitution and recommend any necessary changes. By making such changes, the inner body of the Council was strengthened even amidst its rapid outer growth. Thus, old precedents were constantly being shattered, as evidenced by the new elections procedure.

In addition, the Student Council has attempted to improve the work of other student organizations, such as the Human Relations Committee, Debate Club, and Charm Club. Liberal subsidies were given to the **Journal**, **Annual**, **Polygot**, and Cheerleading organizations. These groups determine the success of the council. Surely, there were many issues which caused great excitement during 1965-66. Ultimately, however, it was the success of the Student Council projects which indicated the great success made by the Council.

Mr. Lubov, Student Council Sponsor.

FROM VAUDVILLE TO VIDEO

The evening of November 19, 1965 was an exciting one at Von Steuben. For that night, many Vonites made their spectacular theatrical debuts in *From Vaudeville to Video*, a Student Council sponsored hootenany and stunt show, written by Charleyne Kamenear.

The program was truly a first for Von: a show written, produced, and directed by the students themselves. The faculty and administration members simply relaxed, sat back, and hoped to be entertained.

And entertained they were, despite several terrible inconveniences. First of all, the evening was one of the hottest in history, with a reported temperature of 110 in the Shade. Furthermore, the auditorium was overrun by beatles, leading to hysteria on the part of several *Funny Girls*. All agreed that the performers did a wonderful job.

These performers, of all grade levels, had rehearsed for weeks in advance in order to make the show a grand success. However, even the most talented actors are useless without adequate supervision. This important direction was supplied by Rikki Kleiman and her capable assistant, Laurie Brownstein. Professional techniques were the standards for the entire production. In fact, the audience resounded with 20 Roaring ovations.

Actors as well as Audience get wrapped up in the show.

Above: "The worse they can do is guitar and feather us!" Below: The Beatles Help make the show a success.

ART CLUB

Notice the perfect symmetry and lyric beauty of this photograph. In it is no other than Von Steuben's Mrs. Lovitt instructing the art club in the fine points of design. (The **Annual** staff would like to apologize for cutting out one of the members of the club; but Toulouse-Lautrec was so short, that he didn't show up in the picture.) In the words of a club member, "Mutum est pictura poema"—whatever that means. **CLUB MEMBERS Standing:** D. Gethner, J. Harris, F. Bergman, Mrs. Lovitt, S. Plein, L. Schiess, N. Blaine. **Sitting:** M. Suzuki, C. Barany, L. Margolis, R. Rosenbloom, P. Rohan. **Kneeling:** C. Roth, R. Schwartz.

CHESS TEAM

In a recent chess match, team captain Stuart Linderman cleverly allowed rookie Bobby Fischer to edge him out with the strategy: 1.P—KN4...PK4; P—Kb3...Q—KR5 mate. As Linderman later explained, "I was attempting to boost the little tyke's ego to give him self-confidence." Despite competition from the newly formed Tiddly Winks Team, Mr. Ray, Chess Club sponsor is confident that it will retain a large following, for, in the words of Coach Hansen, "Nothing pleases a crowd like good all-American athletic competition." **CLUB MEMBERS Standing:** M. Weissman, T. Gerulis, M. Solomon, J. Liddell, J. Green. **Sitting:** A. Friedman, Mr. Ray, sponsor, S. Linderman, T. Pullos, T. Tempkin, M. Stone.

CHARM CLUB

A sobriety test? An acrobatic act? A new method of learning by osmosis? No, this is Von Steuben's charming wha-cha-ma-call-it club. Last year students were treated to many stimulating lectures just chock-full of beauty tips and delivered by such authorities as Patricia Stevens representatives,

Martha Raye, Imogene Coca, and Phyllis Diller. CLUB MEMBERS **Standing:** P. Johnson, B. Janeway, A. Lane. **Sitting:** J. Perlman, L. Jasper, L. Weinstein, E. Kolmas, A. Stone, A. Shuver, E. Herst, R. Shain. **Kneeling:** K. Elend.

DEBATE CLUB

Here is Von Steuben's brilliant, astute, perspicacious, apperceptive, and discerning Debate Club just returned from proving, with brilliant arguments, that Santa Claus really does exist, and that the only way to win a war is to have Bob Hope shout jokes

from a helicopter and let the enemy die laughing. Mr. A. Zelasko, the captain of our glorious debate team, is quoted as saying that we have the best team in the city (would you believe the North Side?). At any rate, we are Resolved: that the Van Steuben Debate Club is a credit to our school. CLUB MEMBERS **Standing:** E. Shiffman, W. Rohrer, N. Komaiko, S. Fox, T. Weiner, M. Weisman, L. Kokoris. **Seated:** J. Goodman, G. Prizant, A. Fischer, M. Kronenberg.

DRAMA CLUB

Holy Thesbians! These are the members of the Von Steuben Drama Club. Every week these poor, deluded souls search vainly for their true inner selves as they switch from one personality to another. The Drama Club has promised to present to Steubenites an Odd Couple of performances in the near future. We are sure that anything they produce will be *As You Like It*. CLUB MEMBERS Standing: B. Sinwell, B. Stigler. Sitting: L. Schiess, P. Rohan, D. Beecham, R. Rosenbloom, P. Astrin, B. Rosett. Kneeling: M. Granhold, R. Shank, P. Johnson, S. Fox.

This group likes to give Von Steuben the business. Taking stock of the members we see firm believers in the doctrine that free enterprise is the basis of American life. The club is manned by thirteen students headed by Miss Limperis, sponsor. The F.B.L.A. (Future Business Leaders of America not Francis Bacon Laundry Agency) was incorporated to give Steubenites a look at the business world. Such questions discussed are: How was the balloon industry affected by inflation, and the crashing success of the stock market. Dow drop in and visit them some time. CLUB MEMBERS Standing: R. Huss, E. Shector, C. Roth, D. Star, P. Baumgartner, A. Tauf, L. Lieberman, P. Levy. Sitting: K. Kusero, R. Margolis, K. Stein, Miss Limperis, sponsor, D. Zaretsky, L. Wexler.

 Best of luck. Love, Lois

FOLK SINGING CLUB

Here is our lyrical and harmonious folk-singing club getting ready to sing *Three Blind Mice* in four part harmony. Although the club had to cancel its planned Five Hundred Mile hike, the president braved a possible case of acute puckering to prove The Fruit of the Lemon is **not** Impossible to Eat; and, after studying blueprints of the Boston subway system, has devised a way of saving poor Charlie. **Standing:** E. Teachers daily face innumerable hazards. Paper planes whizzing by, spitballs flying at superspeed—these are just a few of the physical dangers presenting teachers. And what about this horrible possibility: laughing to death over students' excuses given for not completing their assignments? Yet certain Vonites, fully aware of these dangers, still want to enter the profession of teaching, and have joined the Future Teachers of America. Under Miss Ersler's direction, these girls learn how to prepare for the trials and tribulations of pedagogy. **CLUB MEMBERS Standing:** J. Solomon, S. Pai, B. Kissilove, N. Blaine, J. Badshaw. **Sitting:** R. Fox, R. Winokur, M. Kachman, S. Filizer, Miss Ersler, sponsor, L. Merens, M. Freund, A. Colky, V. Steidinger, D. Friedman. **Kneeling:** D. Hillman, R. Garbuz.

PHYSICS CLUB

Physics club members are presently studying great discoveries made by the scientific giants of the last century, such as Wave Mechanics (developed by Fredrick Wilhelm von Wave), Archimedes Principal (named after the head of the Archimedes Jr. High School), and Parkinson's

Law (the name of the discoverer was not available for this printing). Baffled by such primordial queries such as why the sea is boiling hot and whether pigs have wings, the members have diverted their curiosities to less difficult projects. They now plan to solve the problem of perpetual motion, discover the incandescent bulb, and prove the world isn't flat after all. Let's wish them the best of luck. CLUB MEMBERS **Standing:** I. Rothchild, G. Haralampopulous, L. Camras, Mr. Fabian, S. Michael, S. Hus, S. Vladem. **Sitting:** E. Edelheit, S. Pai, C. Roth, M. Lieberman.

SPANISH CLUB

"Ole! Ole!" The sounds of the Spanish Club bull session reverberate through the halls of Von Steuben. Von's Spanish Club is interested in the many customs of modern-day Spanish-speaking countries. On their recent trip to Madrid, the

members marvelled at twenty-five flamingos dancing. Miss Goland, sponsor of the club, believes that all students can prepare for the Peace Corps through membership in this club. (Remember, we need their coffee.) All in all, the Spanish Club studies the Spain of yesterday, today, and tamale. CLUB MEMBERS **Standing:** J. Sobel, L. Paul, R. Shain, C. Roth, L. Kahn, C. Martinez, M. Goldman, B. Geroulis. **Sitting:** S. Kohler, B. Schwatz, S. Vladem, F. Gartenberg, M. Kachman, R. Agran. **Not Pictured:** Miss Goland, sponsor.

SCIENCE CLUB

"As the twig is bent, so grow the tree." This is the basic axiom upon which the Science Club is based. In this picture, we see the club pondering the problems of space. Mr. Babbin, sponsor, feels that a basic knowledge of science is necessary to everyday

living. One fundamental goal of this organization is the initiation of an honors telescoped astronomy class. Here's looking at you! CLUB MEMBERS Standing: M. Ashley, R. Jackson, S. Sherman, M. INSTRUMENTAL

A student strolling down the halls of Von Steuben humming his favorite tune may find himself accompanied by the music of any one of Von's many instrumental groups. Yes, a Vonite passing by room 305 at almost any time of the day hears the sweet strains of music flowing gently through the air. This source of melody are made by such organizations as the Concert Band, the Varsity Band, Symphonic Orchestra, or the Stage Band, all of which are under the excellent direction of Mr. Maurice Golden.

To the musically inclined student, membership in the Concert Band represents the peak of instrumental achievement. This band has a wide and varied repertoire. Hearing any of its many selections is certainly a memorable experience.

For those students who have not yet had the amount of training and practice necessary for membership in the Concert Band, the Varsity Band serves as a proving ground. The sounds emanating from Varsity Band

practice may not be as melodious as those of the Concert Band, but it must be remembered that these rough amateurs soon acquire a fine musical polish.

Von Steuben not only has bands, however. It also possesses several orchestra groups, the most important of which is the Symphonic Orchestra. It consists of violins, violas, violoncellos, and strong basses, along with a small number of wind instruments. Brahms, Mozart, and Strauss—these are just a few of the composers whose music is played by the Orchestra each year at such functions as the Band and Orchestra Concert, the National Honor Society Induction Ceremony, and Graduation.

Finally, the cream of the instrumental crop, is the Von Steuben Stage Band. This elite organization, under the direction of student leader, Steve Moss, specializes in show tunes and other forms of popular music. Entertainment furnished by the Stage Band is often the highlight of school functions.

VOCAL

At Von Steuben High School there are only two classes of students who enjoy music: the girls and the boys.

The very popular Vocal division of the music department is under the direction of Mr. Julius Schwarzstein. As in the instrumental department, there are many sub-divisions. These include the Symphonic Choir, the Junior Choir, the Girls' Glee, and the Madrigals.

Von is especially proud of its Symphonic Choir, which has won several superior ratings in city wide contests. This group as well as the other vocal groups, rehearses in a new, not quite completed choir room, 304, (Look out for falling plaster). For membership in this highly skilled group of singers, a student must have a good singing voice, a sense of rhythm, and plenty of exuberance and spirit.

Naturally one cannot enter the Symphonic Choir un-

trained in the fine points of group singing. Supplying this vital training is the Junior Choir. This group serves to develop, strengthen, and otherwise train the voices of potential Symphonic Choir members.

There seems to be special charm in the voices of ladies singing together. Because of this well-known fact, Von Steuben has an all girl choir, the Girls' Glee. The Highpoints of the year of this group are the semi-annual evening Choir Concerts. At these events, the Girls' Glee proudly performs.

Von's smallest and most select vocal group is the Madrigals. This organization is composed of the best singers of each section of the Symphonic Choir. Performing difficult pieces written specifically for small groups, the Madrigals add charm and beauty to all functions in which they participate.

JOURNAL

Mrs. H. Rosenfeld, Journal sponsor.

Would you believe that more than 2,000,000 people read the Von Steuben **Journal**?

No?

Would you believe 500,000?

I didn't think so.

How about 1400?

Yes, 1400 people, the entire student body of Von Steuben High School, read the **Journal**. Due to its high quality and unique promotion methods, Von's paper has become one of the few school papers in Chicago that can boast 100% circulation.

This year, under the dynamic sponsorship of Mrs. Helaine Rosenfeld, the **Journal** soared to new heights. The paper's face was lifted by a history making change to the linotype printing process. Not wishing to be outdone by James Bond or the Man from U.N.C.L.E., the **Journal** has instituted its own spy system. No Vonite is safe from the prying eyes of Von Snoopin!

The **Journal** isn't always so sneaky, though. Through the newspaper, controversial issues and bold ideas are presented to all Vonites, such as:

"Who was Baron Frederick Wilhelm von Steuben?"

"What goes on at **Journal** Make-up meetings?"

and "Where does the lunchroom staff get that delicious food?"

PROGRESS

This picture (bottom right) shows a typical day in the **Annual** room with our editors hard at work making PROGRESS towards completion of the year's year-book (whatever the name of it is). We of the staff of the **Annual** hope that you enjoy this year's book, but regret that there can be no cash refunds. If, for any reason, you are not entirely satisfied with your purchase, send it, along with a three dollar bill and a stamped self-addressed envelope, to the Mongolian Embassy, 1600 Borshtkishke St., Moscow, C.C.C.P. We will then send you, *absolutely free*, a gift certificate good for three lectures at your friendly neighborhood W.C.T.U.

POLYGLOT

Fifty thousand Frenchmen can't be wrong! Neither can twenty-thousand Germans nor forty-thousand Spaniards when they say that French, German, and Spanish are here to stay. Considering this fact, Von Steuben's Foreign Language Department is furthering the study of these idioms through the publication of a foreign language magazine appropriately called **Polygot**, or "many-tongued." Appearing semi-annually, the publication consists of stories, poems, and puzzles submitted by Von's foreign language students. In the words of one avid **Polygot** reader: "Es griego para mi."

The Foreign Language Honor Societies were established at Von through the combined efforts of certain language teachers, who do not wish to remain anonymous, but will anyways. Students requesting a language honor society were told to Go land a sponsor. (They had to submit their request in pencil, however, because somebody doctored up their Parker pens.) Happy that this nobel request was honored, we of the **Annual** wish to commend these great societies, not Moch them.

NATIONAL HONOR SOCIETY

"CHARACTER, LEADERSHIP

The Von Steuben Chapter of the National Honor Society is an organization composed of juniors and seniors who have demonstrated fine character, exhibited leadership in school activities, achieved intellectual excellence, rendered valuable service to Von Steuben. Admittance to the Honor Society is official recognition of these traits.

Once the members have been selected, a semi-annual candlelight ceremony is held, during which they are formally inducted, and the new officers take oaths of office. Members and audience hear speeches about the qualities necessary for entrance into the society. Following the ceremony is a tea in honor of NHS members and their parents.

Miss Wockner, sponsor; L. Camras, Secretary; L. Kahn, Vice-President; B. Typlin, President; H. Rosen, Treasurer.

SCHOLARSHIP, and SERVICE"

induction ceremony marks the beginning of additional responsibility for society members. One of these is the coaching of those students who have difficulties in their academic courses. The NHS offers help every period daily to any Vonite desiring it.

Furthermore, the National Honor Society sponsors career seminars. The speakers at these enlightening discussions are authorities in their fields. Also of interest to the students is the discussion of higher education, the members of the Society organized trips to colleges in the vicinity.

During their semi-monthly meetings, NHS members, with the aid of their sponsor, Miss Phyllis Wochner, plan the activities. Membership in the society requires the highest level of achievement possible in a high school career.

SCIENCE FAIR

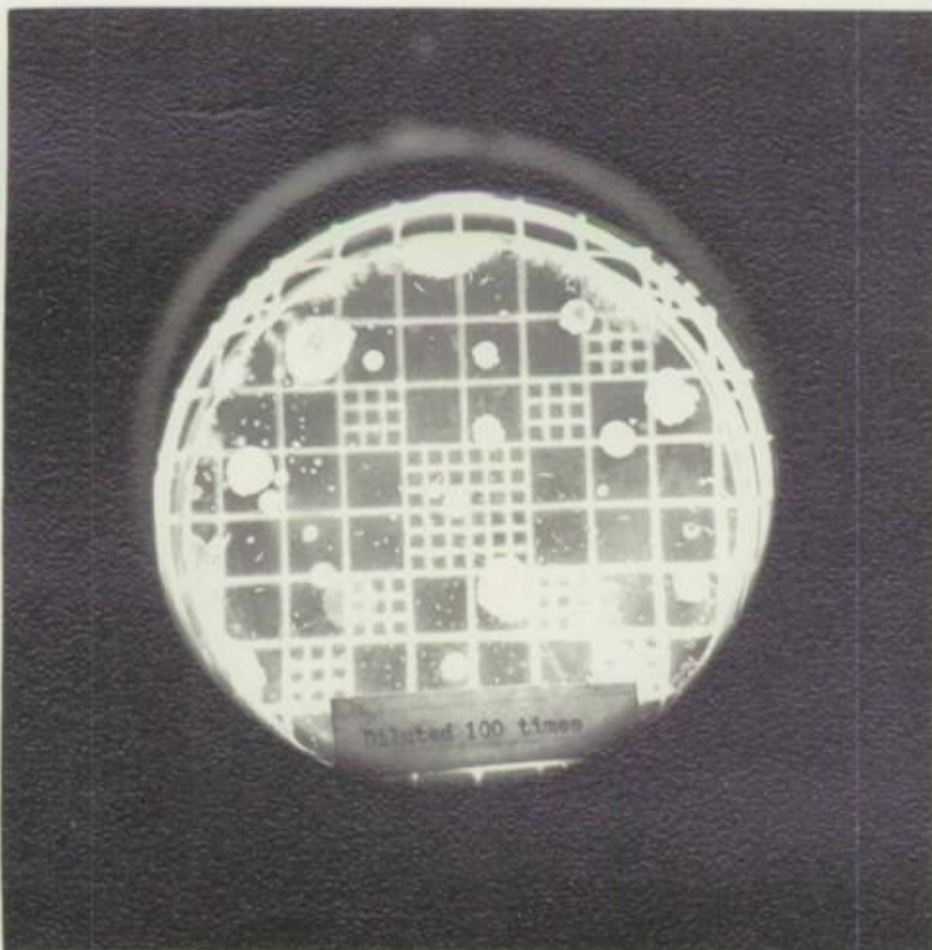

The combined scientific and creative qualities of Von's students were displayed on January 3, 4, and 5 at the annual science fair. Several of the classrooms were transformed into exhibition halls. Under the able sponsorship of Mr. Harold Kiehm the science fair proved to be a great success.

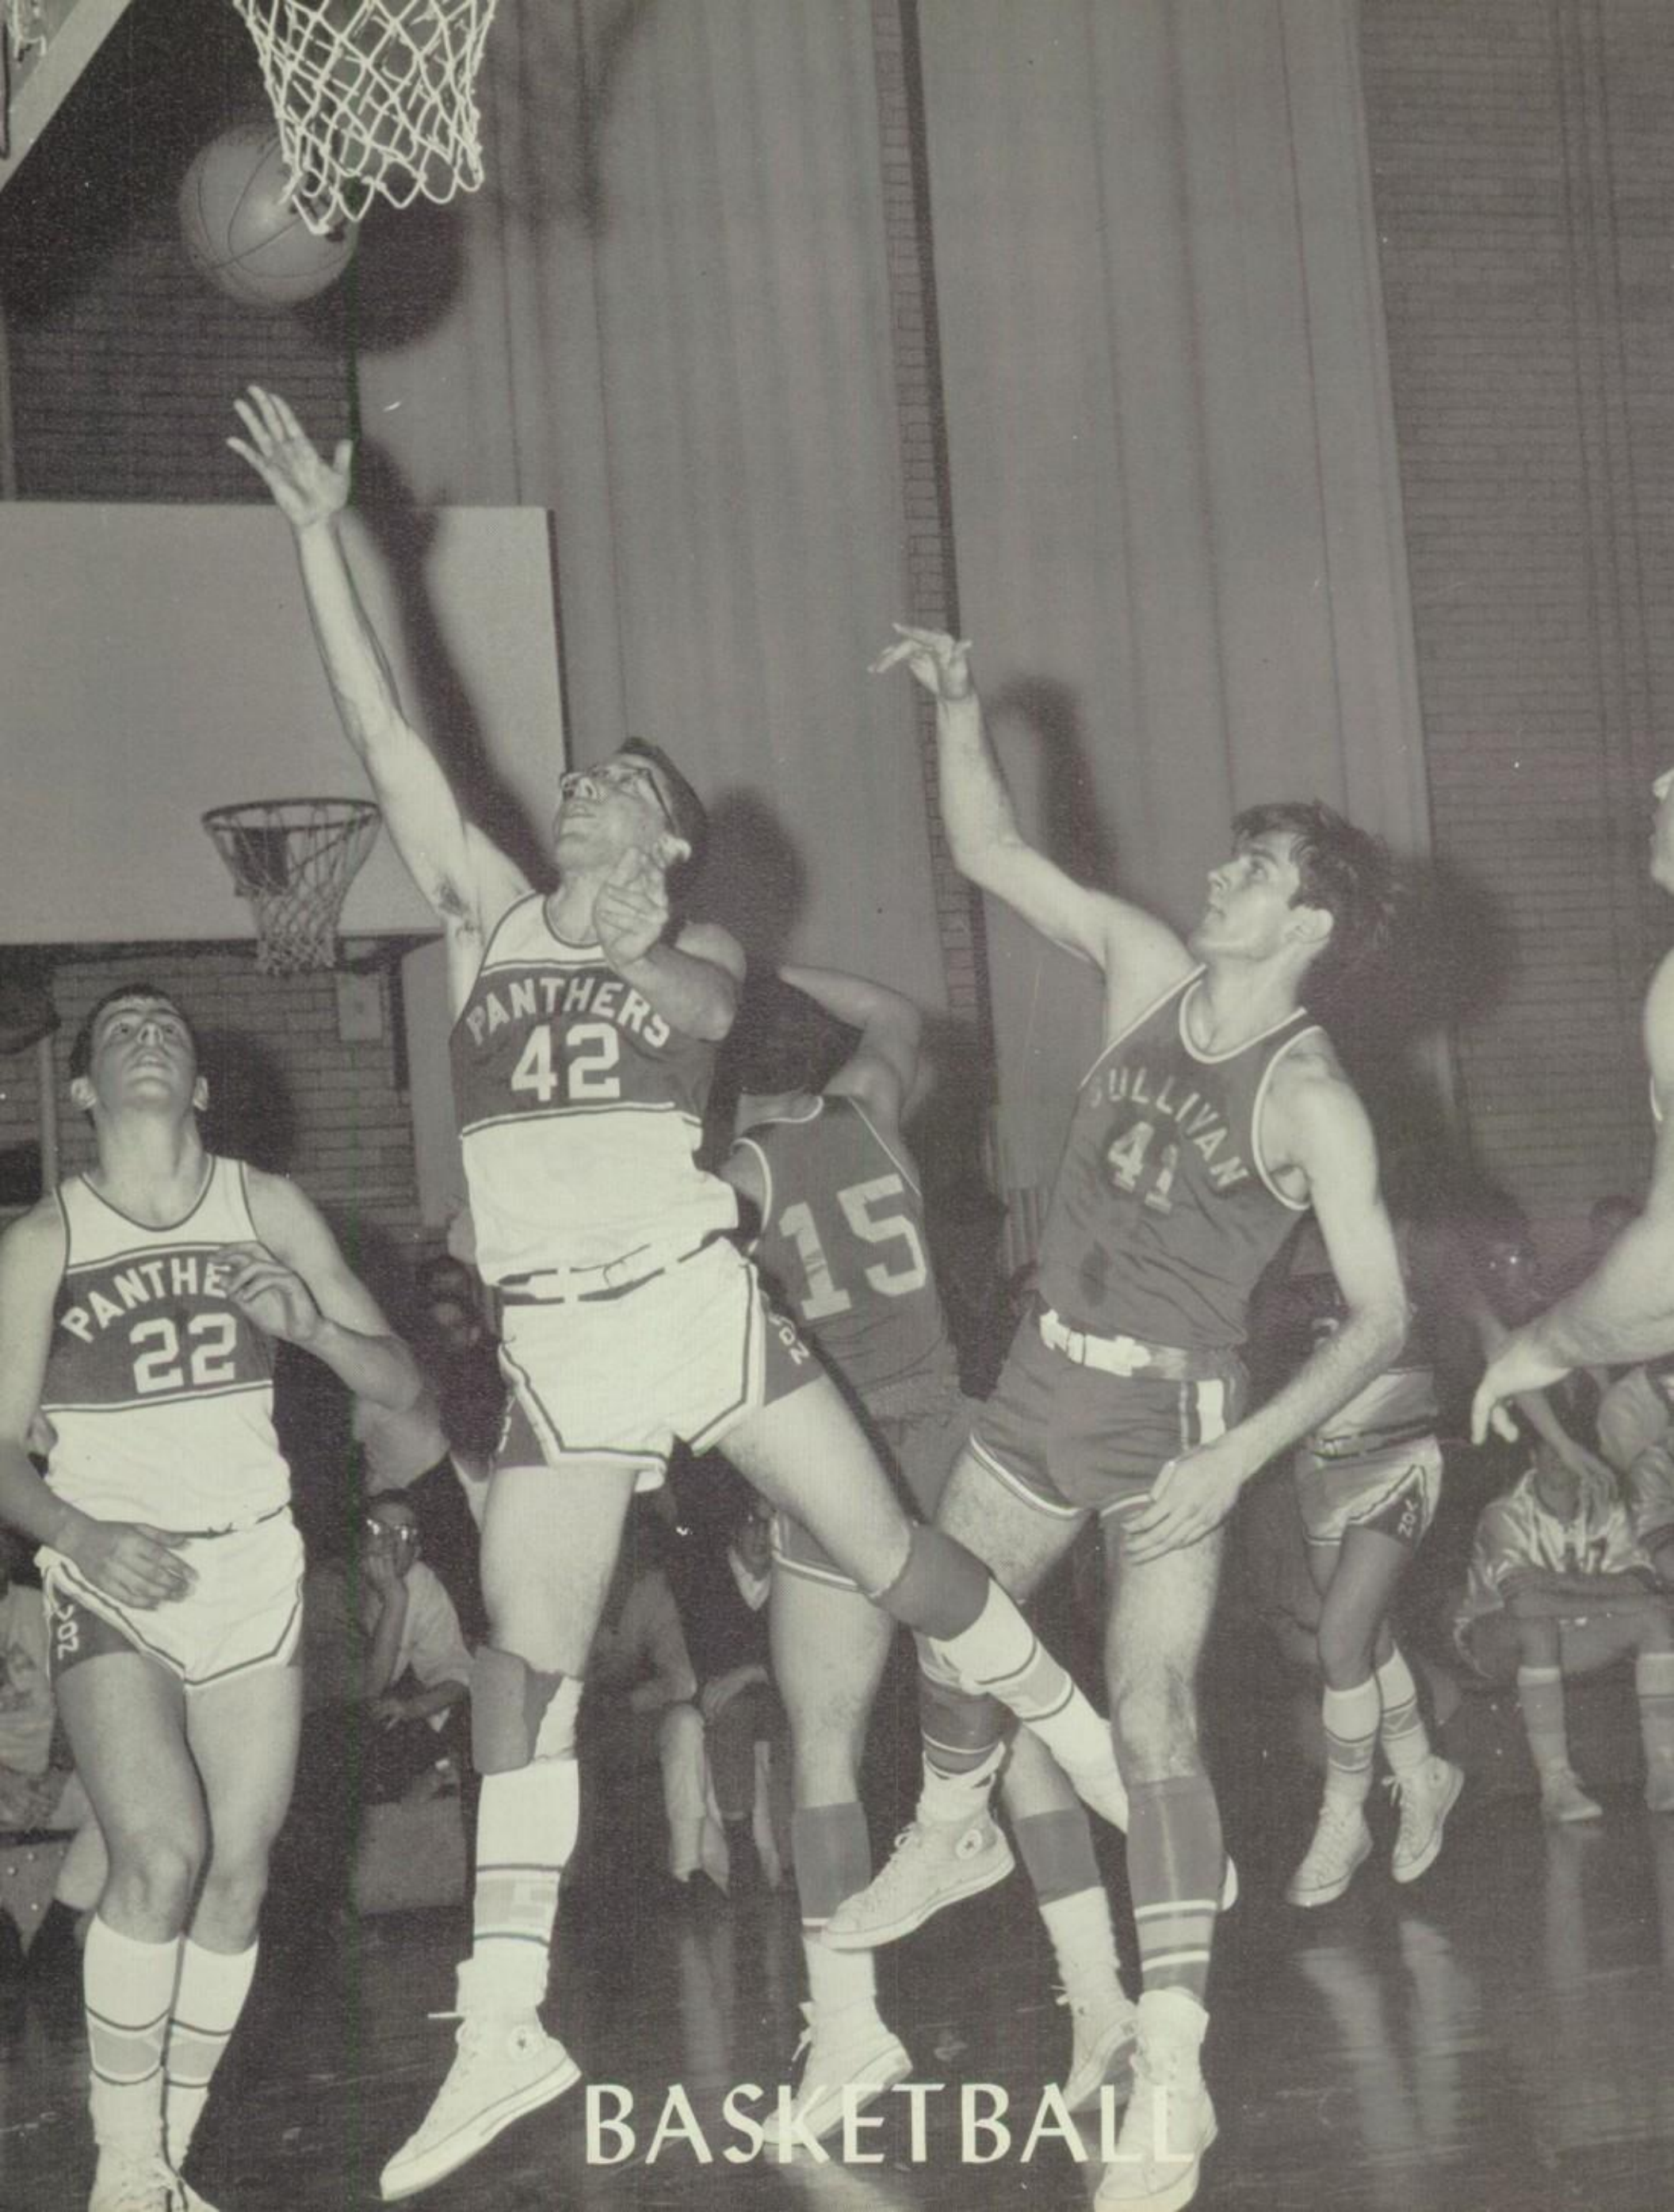

This success was due to the resourcefulness and untiring efforts made by the exhibitors. Many projects delved into areas rarely investigated on the high school level. Some of the projects dealt with cancer research, the effects of ultrasonics on animals, and the chemical analysis of fertilizer. The best of the projects in their respective fields represented Von Steuben at the District Science Fair. This year, as in years gone by, Von placed high in the competition. With the growing emphasis on science, Von Steuben can be justly proud of its excellent fair.

There were, of course, the usual quota of accidents. Take, for instance, the untimely death of thirty-two hamsters. When proper hamster food was found lacking, they were fed six lunchroom cookies. Another shocking occurrence was the short circuiting of an experiment demonstrating the conductive ability of peach pits. Despite these problems, Vonites remained undaunted and the Science Fair proved to be a highly educational and entertaining exhibition.

These two unofficial judges seem to rate this experiment highly.

BASKETBALL

RED DIVISION CHAMPIONS

The students of Von Steuben saw in the 1965-66 season the finest basketball team Von Steuben had known in a long time. The formula for the success of the team was a simple one: player ability plus fine coaching plus student support equals victory. The lack of any part of this formula could have spelled disaster for the team. Fortunately, all of these ingredients were present in excess. In such players as Larry Karchmar and Marc Simon the team found outstanding player ability. The students responded to the team's success with total support present not only at the home games but also in attendance with the team on almost all of the road games. Both of these qualities would have been worthless had they not been consolidated under the leadership of the coach, Mr. Jim Hansen. His

drive sparked the team to greater triumphs and the first Red Division title for Von in years. With the sales of the tickets under his control, team loyalty was rewarded in a way far more equitably than in years past.

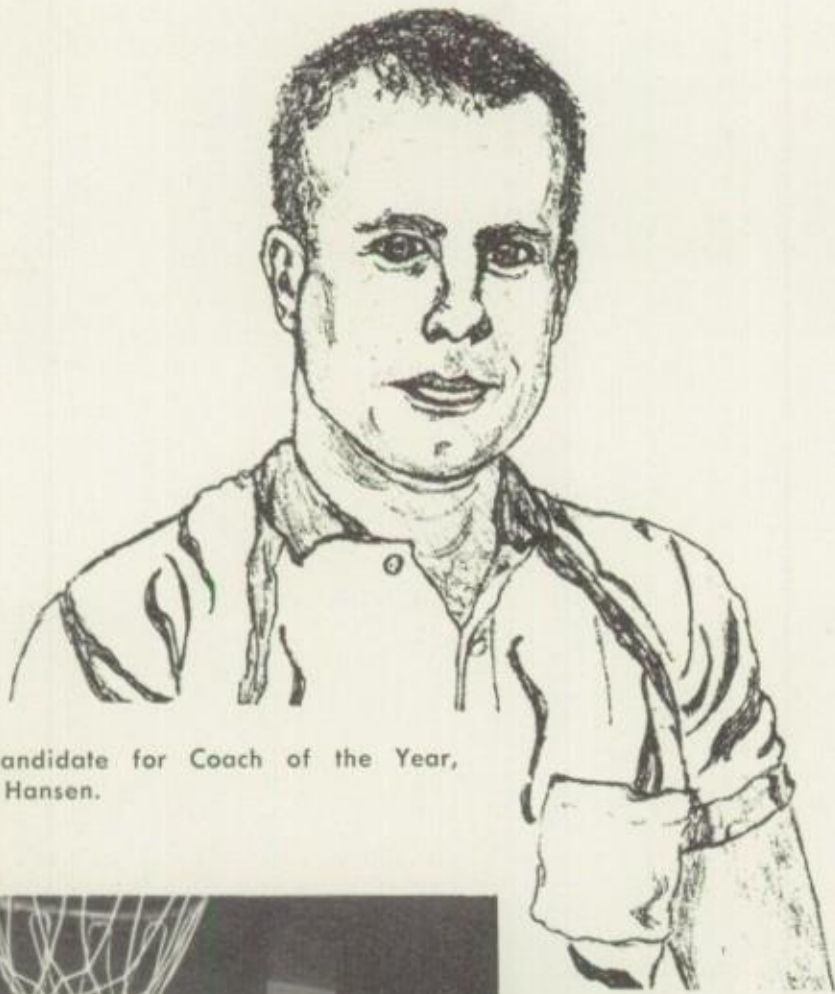

The team's greatest triumphs were, of course, the double victories over Lane and the favorite, Roosevelt. After an undefeated League Season Von looked forward to victorious post season play. Despite Von's defeat by Hirsch, Steubenites remained undauntedly proud of their coach and team. All students wish Coach Hansen and his team the heartiest congratulations for their tremendous effort this season—a season rarely seen and not easily forgotten.

FROSH-SOPH

This year's Frosh-Soph squad, though overshadowed by the Varsity and its exploits, enjoyed a relatively successful season. The team compiled a total of eleven wins and seven losses, while in league play, its record was six and four. This effort earned the team a tie second place in the North Side Red Division.

Led by guard Marv Michaelson, leading scorer, the Frosh-Soph combined a well-balanced attack with a pressure defense. Also among the starters were Leonard Moore, rebounding leader, Joel Handler, Jeff Kramer, and Jack Jacobson. The **Annual** staff congratulates the entire group on a fine season.

BASEBALL TEAM

Does modern day life drive you batty? Do your friends tell you that you are way off base? Join the baseball team, relax, and have a ball. The baseball team coached by Mr. Charles Lutzow provides Von with some very exciting moments. Whenever the team plays against that of another school you can be sure of one thing; somebody is going to win. Often seen working out in the vast expanses of Kiwanis and River Parks, the nine men of the team function as one man. Under the auspices of Mr. Lutzow, the team not only practices the more difficult plays, but the fundamentals as well. For as Mr. Lutzow says, "Either you know the fundamentals perfectly . . . or you don't." Von's baseball team is certainly an integral part of Von's sports picture.

FACULTY

Samuel L. Dolnick, Principal

Without efficient and progressive administration in a school, a student cannot possibly receive an education of top quality. Von Steuben is lucky in having as its administrative head a diligent, devoted principal, Samuel L. Dolnick.

Part of Mr. Dolnick's success at Von can be attributed to his background. He was educated at Chicago Teacher's College and Northwestern University. He served as a teacher at the Manley Vocational High School, Beidler Elementary and Schurz High Schools. He was also Principal of Belding and Medill Elementary Schools and Carver High School and Upper Grade Center. In April, 1964, he was promoted to the position of Principal of Von Steuben High School.

When Mr. Dolnick arrived at Von, he exhibited his characteristic liberal-mindedness by not having any preconceived opinions about the faculty and student body. He soon concluded, however, that most Vonites

are eager students looking forward to school to find their direction in life. Mr. Dolnick also discovered the faculty to be composed of educators who combine a variety of teaching methods, using the particular method to meet each particular situation.

In the time Mr. Dolnick has been at Von, our school's high academic rating has been maintained. The college preparatory program has been strengthened by the addition of new Advanced Placement and Honors Classes. Emphasis has been placed upon technical and vocational courses for the college bound students as well as for those students going directly into the business world after graduation.

Mr. Dolnick, then, has met with considerable success thus far at Von Steuben. We are fortunate, indeed, to have as our Principal a man of the stature of Mr. Dolnick.

GOOD-BYE SEMESTER SYSTEM!

THANK YOU
Miss Carney and Miss Grauer

I've known you for a long time now, ever since dancing (jazz, remember)? I'm really glad, though, that ~~now~~ we really have a relationship I wouldn't want to ^{lose} end. You're one of the greatest kids I've met in high school and I hope you'll always stay that way. Good luck always. Love, Judy

THE STUDENT COUNCIL TAKES PRIDE IN ITS ACCOMPLISHMENTS DURING THE PAST YEAR.

- Bookstore
- Division-of-the-Month
- Big Brother Program
- Student Court
- Vaudeville to Video
- Faculty Breakfast
- Teacher of the Year
- Faculty-Lettermen Game

We thank the administration and faculty for their co-operation; and the student body for its support.

Yours, I've known for about 2 years, and in that time I found that you are the funniest, and greatest kid that a boy can find. I really mean it. John is a very lucky man. Love you always. [Signature]

Dear John, I've been together for almost 10 years - and I hope we will remain together the next 10 years. I'd like to make good friends with you. I can't think of anything I'd like to do more. I hope I can be able to get together. Love, [Signature]

 Jane,
 lots of luck in the future to a real swell kid. I haven't known you long as I have you. You need a friend as long as I have some. Hope we have some classes together next year.

very fun! You need it. But seriously, it's a blast knowing you. I happen to get along with nuts & "idiotas", so we'll always have Luck, brains, anything else you happen to need.

Love,

STANLEY

AH, well here we are once again signing books (what a hangup) last year in your autograph book I said all kinds of real nice things & good luck & stuff — all the good things & best wishes for the future still go. When we are Seniors I'll start signing your book again and tell you what a good kid you are and that I really hope we remain great friends for the times to come. That also can be said this year. But all just hafta write it all over again

Dear Jane,
 It has been loads of fun being in the gym as you.

Good luck always
 Love,
 Peter

lots of love, Dobkin
